

CHASE
FERNANDEZ

2025 INVESTMENT PROPOSAL

ABOUT CHASE

Chase began his motorsport career at 9 years old with a secondhand kart at a local track day in the North West of England.

His natural ability shone through from the first lap and with that, the dream to become a racing driver. He went on as a novice driver to outright win the cadet kart championship the following year.

In 2021, Chase obtained an MSUK race licence and raced against a grid of the UK's most experienced drivers in the British Karting Championships. At just 12 years old he won 5 out of 6 rookie podiums and set new lap records at circuits he had never been to before.

In 2022 Chase was the youngest ever winner of the Ginetta Junior Scholarship. Chase is also the only driver in the history of Ginetta to receive a 100% rating from the panel of media experts and journalists.

In 2023, Chase raced in the Ginetta Junior Rookie Championship where he achieved 18 total podiums and 4 overall wins, the second highest number of wins. This caught the eye of several F4 and other race Team Principals.

Chase has since become a firm favourite with reporters and commentators at race weekends with his own unique style. The substantial coverage from interviews, commentary and multiple race wins in 2024 so far - have made Chase an ideal brand ambassador and a valuable asset to his sponsors.

Chase is now 15 years old and has successfully completed all the first stages on the F1 career ladder. He is ideally positioned to be 19 years old on arrival at F2 level with the desired range and level of experience for F1 team seat selection.

PARTNERSHIPS

There are many ways in which Chase can promote your branding on and off track.

Chase and his team will work closely with you to tailor the ideal partnership package - balancing investment with the return benefits for partner generosity.

These can include but are not limited to the following:

- Race car livery branding
- Race helmet branding
- Race suit branding
- Teamwear branding
- Social media sharing
- VIP Paddock hospitality
- Live TV Interview mentions
- Race car at your business

In return to the size of investment, the greater the size of the branding coverage and benefits will be to our partners. All of these benefits are combined with the exposure provided by the excellent ITV4 coverage where the races are shown live on television plus highlights and race re-runs at other times on ITV4.

Within the heart of the paddock is the ROKIT F4 Hospitality area where our partners will be provided with VIP treatment across the race weekend. The hospitality area makes for a great spot to socialise, network, discuss team strategy and keep abreast of the latest action. Guests will be provided with meals, drinks, refreshments and excellent hospitality by the F4 British Championship staff all while never missing a second of the on track action courtesy of the live broadcast being streamed live on the screens inside.

As the hub of the championship management team, this area creates a one stop centre for everything championship related providing you with ample chances to showcase your brand and further promote yourself around a large group of people in the motorsport industry

INDUSTRY EXPERTS ON CHASE FERNANDEZ

“Naturally gifted”

- Charlie Robertson, Professional driver coach

“Seriously talented”
